Kody Krier
Network/Security
Administrator

Krier Accepts Network/Security Administrator Position at American Crystal

Kody Krier has accepted the position of Network/Security Administrator at American Crystal Sugar Company's Corporate Headquarters.

In this position, Krier will ensure the stable and secure operation of the company's networks by designing, administering, modifying, installing and supporting American Crystal's network systems and cybersecurity program. He most recently worked as a Network Administrator at RDO. Krier's previous work experience includes Network Center, Pepwave, Premium Meats, Creekstone Farms and American State Bank.

American Crystal is a grower-owned cooperative and the nation's largest beet sugar producer with operating facilities in Moorhead, Crookston and East Grand Forks, Minn.; Hillsboro and Drayton, ND; and Sidney, MT.
