Weber Accepts Environmental Engineer Position at American Crystal

Dan Weber has accepted the position of Environmental Engineer at American Crystal Sugar Company's Corporate Headquarters in Moorhead.

In this position, Weber will assist the Environmental Affairs Manager by ensuring that American Crystal complies with all applicable federal, state, and local environmental regulations, programs, and procedures. He will oversee the regulatory programs and manage environmental reporting activities. Weber has experience as an Environmental Engineer for the North Dakota Department of Health and was most recently a Structural Engineer at Ulteig Engineers. He graduated from North Dakota State University with a degree in Civil Engineering.

American Crystal is a grower-owned cooperative and the nation's largest beet sugar producer with operating facilities in Moorhead, Crookston and East Grand Forks, Minn.; Hillsboro and Drayton, ND; and Sidney, MT.
