

August 3, 2026

Growers,

I am reaching out to introduce you to our newest agriculturist in the East Grand Forks District. Thomas Cymbaluk has joined our team; he will be in the area previously covered by Wyatt Olsonawski and Bob Joerger. His official start date is Monday, August 10th. During harvest he will be covering the Warren & O'meara receiving stations opposite of long-time harvest assistant Mark Klemens.

Thomas graduated from the NDSU, where he majored in Crop and Weed Science. He previously worked with CHS and Simplot as an intern. Most recently, he has been a Sr. Agriculturist with ACSC. He served in the Drayton district, working with growers in the St. Thomas area. His contact information is below.

Thomas Cymbaluk

Agriculturist
tcymbal@crystalsugar.com

In the coming weeks, Thomas will be working to get out to meet his new grower group. Please call with any questions.

Thank you,

Travis Pederson
